

# Physician Shadowing MUN Faculty of Medicine

## Student Specialty Selection Form

### What is Physician Shadowing?

This is an opportunity for students to get exposure to the different specialties in medicine by shadowing physicians. Participants may spend time with physicians in clinics, the OR, the ER, ward rounds, home visits or a variety of other settings. Shadowing experiences are strictly observational and do not entail involvement in client care or service provision.

### Who organizes it?

This program is organized by the Director of MedCAREERS with the assistance of two Coordinators, Saghar Sadeghi (MED I) and Chris Dwyer (MED II). Contact [Saghar ss6811@mun.ca](mailto:Saghar_ss6811@mun.ca) or [Chris w34cdd@mun.ca](mailto:Chris_w34cdd@mun.ca) with questions/concerns.

### How does it work?

Throughout the academic year, MED I students may have opportunities to shadow up to 4 months (one physician per month or time period) and MED II students up to 6 months, depending on the availability of physicians and students. Once you rank specialty choices you would like to observe, Coordinators will do their best to match you with physicians in those specialties. You will be notified of the match results as soon as they are available.

### When will you shadow?

Most physicians are available on Tuesday afternoons but this is not always the case. Thus, once you have been matched with physicians, it will be essential for you to connect with them to confirm shadowing days and times. Shadowing must occur outside regularly scheduled class times. **Please follow through with your commitments as the doctors who are participating have given up their time for you!**

Use the Selection Sheet on the next page to Sign Up now!

## Student Specialty Selection Form

Name: \_\_\_\_\_ YEAR: \_\_\_\_\_ MED I  MED II

Phone number: \_\_\_\_\_ e-mail: \_\_\_\_\_

Do you have a car? :  Yes  NO

**If you are interested in participating in the program, please circle the number of months that you would like to shadow:**

MED I:        1        2        3        4  
MED II:       1        2        3        4        5        6

**Please rank your *top 6 choices* of career shadowing experiences by numbering the specialties 1 to 6 (Please note not all specialties may be available).**

- |                                       |  |
