Interview Questions with external stakeholders:

- What do you think are the DFM's strengths – what makes us unique? What do we bring to your table?
- What opportunities do you see for the DFM in the next 5 years? - Are there gaps or weaknesses in what we are doing now, or threats to what we are doing now that could potentially be reframed as opportunities?
- What do you think the DFM's vision should include? What should we aim to achieve in the next 5 years?
- What do you think should be the top 3 strategic Priorities of the DFM in the next 5 years?
- How can we get there – what resources do you think we need/what can we access internally/externally?
